

LIMITED EDITION

# MARIPOSA

The butterfly is one of nature's most delicate and cherished creatures. Limited Edition's designers were inspired by the nearly limitless patterns of butterfly wings to create Mariposa, a high-end, tufted rug made up of pools of magnificent and enrapturing colours.

## CARE ADVICE

This quality is tufted very tightly and despite the intense vacuuming after the shearing and the meticulous check during the finishing a hidden thread or loop could emerge on your rug after a while or after vacuuming. This is of no risk whatsoever to the rug : don't pull the yarn which is sticking out but with a simple pair of scissors cut the thread or the loop down to the level of the shorn pile of the rug. The visual aspect will remain the same.

We advise you to vacuum your rug once or twice a week so dirt does not penetrate. Use a normal (upright or cylinder) vacuum cleaner without the brush or beater bar engaged. In order to avoid regular use marks you should turn your rug around every once in a while.

If you accidentally spill a liquid on your rug please react quickly. Blot stains immediately with white absorbing paper and if necessary dilute the stain with very little water and blot again with the absorbant paper until it is dry.
